U.S. Small Business
Administration

ABOUT US

Red Cedar TG's expertise encompasses Custom Application Development, where we design unique software applications aligned with client-specific needs and goals. In Agile Software Engineering, we apply agile methods for quick and adaptable development. Our Database Design and Administration services focus on creating and managing secure, efficient databases. We offer Cloud-Based Solutions and Infrastructure Management, emphasizing scalability and security. In Cybersecurity Integration, we embed advanced security features in software development to protect data and systems. Additionally, we assist in System Modernization and Migration, updating legacy systems and transferring capabilities to modern platforms like Government Off-The-Shelf (GOTS) frameworks, ensuring our solutions are cutting-edge and effective.

PAST PERFORMANCE

Project: Automated Aircrew Management System (AAMS)

Customer: US Air Force (USAF)

Date: 09/2017 – 09/2022

Contract Value: \$3.31M

Description: AAMS provided crew training, readiness, and operations support capabilities for the Air Force aircrew community. Our role included the development of application software, administration of databases, management of on-premises infrastructure, and providing comprehensive Tier 1-3 support. Additionally, we delivered regular software updates every 3-4 months, as directed by the functional community and PMO. Our contributions significantly enhanced AAMS's operational reporting capabilities, providing valuable support to leadership, ranging from the Air Staff to local flying units.

Project: Transportation Enhanced Access Management Service (TEAMS)

Customer: US Army Transportation Command (ARTRANS)

Date: 09/2022– 09/2027

Contract Value: \$17.86M

Description: TEAMS offers a streamlined single sign-on (SSO) service that supports over 700K users for seamless access to more than 100 applications. Red Cedar TG has contributed significantly to this platform by offering expert services in application development, cloud infrastructure management, and providing comprehensive Tier 2 and Tier 3 support. The platform enhances security for various applications, allowing individual customization during the onboarding process, managing 265 distinct claims, and offering flexible options for authentication methods.

Project: Enterprise Architecture, Data, and Engineering (EADE)
Consolidated Architecture Tool Suite (CATS)

Customer: US Transportation Command (USTRANSCOM)

Date: 10/2022 – 03/2026

Contract Value: \$4.82M

Description: CATS supports the development and maintenance of the Department of Defense Architecture Framework (DoDAF) for both enterprise and system architectures under the Enterprise Architecture, Data, and Engineering (EADE) IDIQ. Red Cedar TG is instrumental in this process offering a range of services including software development, systems administration, and comprehensive support across Tier 1-3. CATS is key to facilitating data-centric portfolio management and the development of new architectures tailored for software development. Additionally, it offers portfolio managers comprehensive overview of the enterprise landscape.

BENEFITS OF TRIBAL & SOLE SOURCE CONTRACTING

8(a) CERTIFIED

SOLE SOURCE ADVANTAGES

- ✓ **Sole-source awards above standard competitive thresholds for Tribal 8(a) firms.** Contracting officers may award sole-source contracts to tribally owned 8(a) participants above the standard 8(a) competitive thresholds.
13 CFR 124.506(b)(1)
- ✓ **Justification and Approval (J&A) required only for higher-dollar awards.** J&A is required for sole-source awards exceeding \$25M (or \$100M for Defense), in accordance with FAR requirements.
13 CFR 124.506(b)(5); FAR 19.808-1(a); FAR 6.303; DFARS 219.808-1(a)
- ✓ **Streamlined acquisition through direct negotiation.** The 8(a) program allows streamlined award handling, and SBA may authorize the Contracting Officer to negotiate directly with the 8(a) participant. *13 CFR 124.503; FAR 19.808-1(c)*
- ✓ **Reduced protest risk for sole-source awards.** Eligibility and size status of 8(a) participants for sole-source awards are not subject to protest, improving procurement certainty. *13 CFR 124.517(a)-(b)*
- ✓ **No standard competitive threshold cap for Tribal 8(a) sole-source awards.** Tribal 8(a) entities are exempt from the usual 8(a) competitive thresholds, allowing for larger sole-source awards with appropriate approvals. *13 CFR 124.506(b)*

WHY TRIBAL?

- ✓ Prime contractors may receive Small Business and SDB subcontracting credit for subcontracts awarded to tribally owned partners like Red Cedar TG.
FAR 19.703(c)(1)(i)
- ✓ Indian Incentive Program (IIP) - Eligible Prime contractors may receive a 5% incentive payment for subcontracting with a tribally owned partner like Red Cedar TG.
DFARS 252.226-7001
- ✓ Eligible firms may participate in Department of the Interior *Buy Indian* set-asides as Indian Economic Enterprises (IEE) under the *Buy Indian Act*.
25 U.S.C. 47; DIAR Part 1480.

CONTRACT VEHICLES

CONTRACT NO. 47QTCB22D0418

- ✓ 8(a) STARS III is a Best-in-Class (BIC) contract designated by the Office of Management and Budget (OMB) as a preferred governmentwide solution.
- ✓ \$50B program ceiling and five-year base period with one three-year option. This allows for long-term planning of large-scale program requirements.
- ✓ Contract types include fixed price (**FAR 16.2**), labor-hour (**FAR 16.602**), incentive (**FAR 16.4**), and time-and-material (**FAR 16.601**) terms.
- ✓ Ancillary services and/or equipment are permitted when integral and necessary to the IT services-based solution. This enables integrated IT services-based solutions.
- ✓ Enables federal clients to earn SDB credit.
- ✓ Pre-competed, easy-to-use contract with streamlined ordering procedures based on **FAR 16.505**.
- ✓ No protests on orders under \$10M, except on the grounds that the order increases the scope, period, or maximum value of the GWAC.

CONTRACT NO. 47QTCA24D0087

Special Item Numbers (SINs):

511210	Term Software License
518210	Cloud Services
54151	Software Maintenance
54151S	Professional IT Services
541519ICAM	Identity, Credential, & Access Management Services

- ✓ Multiple Award Schedule (MAS) is a BIC contract designated by the OMB as a preferred governmentwide solution.
- ✓ Contract types include fixed price (**FAR 16.2**), labor-hour (**FAR 16.601**), and time-and-material (**FAR 16.602**) terms.
- ✓ Offers blanket purchase agreements (BPA) to meet your strategic sourcing, compliance requirements, and socio-economic goals.
- ✓ Eligible federal, state, and local governments can issue market research or RFQ to vendors.
- ✓ Pre-competed, easy-to-use contract with streamlined ordering procedures based on **FAR 16.505**.
- ✓ Complimentary GSA team scope compatibility reviews for contract compliance.

30-60 DAYS

The time it typically takes for a quick, smooth transition to full operations with an 8(a) company.
